

Tired of sensor cables that just don't last?

Get the rugged toughness you need with sensor cables from Centricut.

Most laser sensor cables do not have enough muscle to withstand the rugged laser cutting environment and require frequent changes, downtime, and loss of production.

Benefits include:

- Robust design
- Highest quality connectors
- Reinforced collars
- Longer life
- Armored with stainless steel
- Extreme temperature rating (900° – 1200° F)
- Impedance controlled
- Guaranteed to outlast OEM cables

Available for all major brands!
