

CO₂ and fiber laser consumables

For all major OEM brands

Centricut consumables lower your cost of cutting
and deliver excellent cut quality

Highest quality products

- OEM quality
- OEM approved optics
- Innovative products
- Competitively priced

Laser cutting expertise

- Technical and application support
- All major OEM equipment supported
- Local stock
- Over 50 years experience

Consumables suitable for major laser OEMs including:

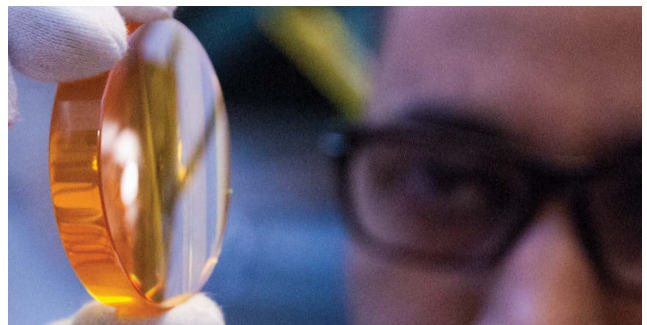

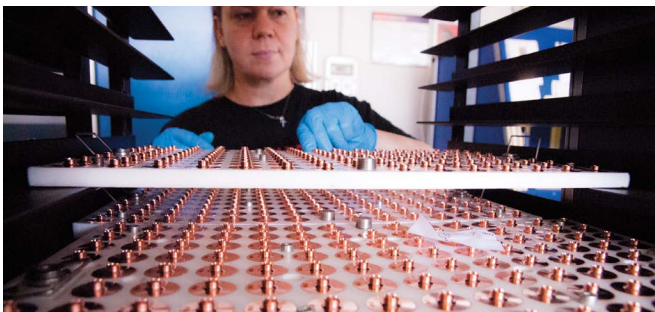

- | | |
|---------------------------|-----------------------|
| ▪ Amada [®] | ▪ Prima [®] |
| ▪ Bystronic [®] | ▪ NTC [®] |
| ▪ Mazak [®] | ▪ Tanaka [®] |
| ▪ Mitsubishi [®] | ▪ Trumpf [®] |
| ▪ Precitec [®] | |

Centricut laser consumables provide OEM quality at a lower cost

Nozzles and nozzle holders

We offer nozzles and nozzle holders for all major CO₂ and fiber laser cutting systems, and with continuous updates to our product offering, we are able to provide the latest products and innovations to our customers.

- Guaranteed OEM compatibility
- Extensive product lines
- Manufactured in Italy and the United States
- Available for contact and non-contact height regulation systems

Optics

Hypertherm Associates partners with the world leader in CO₂ and fiber laser optics to offer a complete line of focusing lenses with standard and low absorption coatings, as well as protective windows.

- OEM approved
- Highest quality raw materials
- Mounted and non-mounted lenses
- Lens housings
- Standard focal lengths available
- Low absorption lenses for high-power CO₂ lasers available

Accessories

Hypertherm Associates offers a full line of laser cutting accessories providing a single point of purchase.

- Optics cleaning supplies
- Standard maintenance items
- Filters, brushes and roller balls
- Breakaway plates

Sensor cones

Centricut laser consumables offer solutions for your sensor cone needs at a fraction of the cost.

- Available for all major OEMs
- Backed by a one-year warranty
- Manufactured to Hypertherm Associates precise quality standards

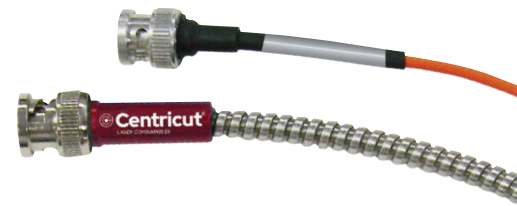

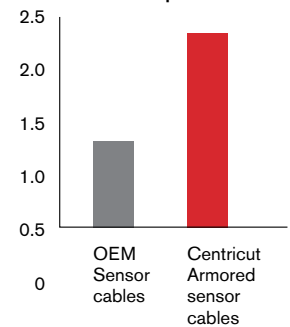

Armored sensor cables

Our armored sensor cables are engineered to outlast the OEM.

- Robust design with reinforced collar for longer life
- High quality stainless steel connectors
- Extreme temperature rating 482°–649° C (900°–1200° F)

Cable life comparison

Manufacturing excellence and quality

We guarantee repeatable, critical-to-function dimensions for consistent consumable performance.

- Hypertherm Associates certified quality
- More than 50 years experience in laser consumables manufacturing
- Manufactured with state of the art precision equipment following tight process controls
- Lean principles

Technical support and customer service

Our technical service team can answer questions about any laser cutting systems. Our experts are available to assist you with troubleshooting, cutting optimization or general questions about laser cutting.

- OEM trained technicians
- Free application support for all laser OEMs
- We stand behind our products with industry-leading technical expertise
- Our call center will help locate the consumables and optics for your system
