MANUFACTURER'S DECLARATION OF CONFORMITY

Mechanized Plasma Arc Cutting System: Model: MAX100, MAX100D

Reissued: 19-Feb-2009 Issued 12-Dec-1996 based on testing serial number PROTO

The undersigned official of the company hereby declares, on behalf of Hypertherm, that model MAX100, MAX100D units with CE Marking on the data plate meet the essential requirements of the following EU Directives:

**•Council Directive on Low Voltage Equipment Safety
(2006/95/EC dated 16-Jan-2007; formerly 73/23/EEC dated 19-Feb-1973)**

Hypertherm generated a product safety test report to the following EU standards using Hypertherm safety testing instructions ESI-030:

EN60974-1:1990 Arc welding equipment -- Part 1: Welding Power Sources
EN50078:1993 Torches and Guns for Arc Welding
EN50192:1994 Plasma Cutting Systems

**•Council Directive on Electromagnetic Compatibility
(2004/108/EC dated 31-Dec-2004; formerly 89/336/EEC dated 3-May-1989)**

Sunrise EMC Test Facility generated EMC test report#SUN964148 and a Certificate of EMC Conformance to EN50199:1995 using the following EU standards:

EN55011:1991 Conducted Emissions 150Hz to 30Mhz
EN55011:1991 Radiated Emissions 30MHz to 1Ghz

The Technical Construction File including the test reports and other information required by these EU Directives is maintained at the above address.

David N. LaPrade
Mechanized Business Team Leader

Note: The Technical Construction File including the test reports and other information required by these EU Directives is maintained at the above address. This DoFC is not valid on units without CE Marking on the data plate. The plasma cutting power sources manufactured by Hypertherm are not within the definition of machinery or within the scope of the Machinery Directive (2006/42/EC dated 17-May-2006; formerly 91/386/EEC, 93/44/EEC, 93/68/EEC and 98/37/EC).
