

Quick-change torch for ESAB®

PT-36, PT-600, and PT-19XLS torches

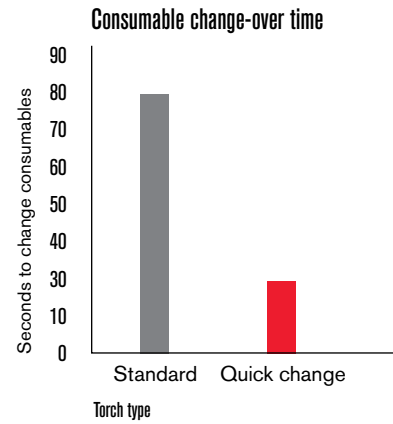

The Centricut quick-change torch incorporates proven Hypertherm technology to deliver excellent performance, improved productivity and high reliability for your ESAB cutting system.

Advance to a better cutting experience with the Centricut quick-change torch upgrade kit for your ESAB cutting system today

- Suitable to replace single-piece ESAB PT-36, PT-600 and PT-19XLS torches
- Quick-change torch technology enables consumables change-over to be done more than three times faster increasing productivity
- Detachable torch head makes changing and inspecting consumables quick and easy for machine operators
- Using multiple torch heads permits operators to set up the consumables for the next job while cutting the current job
- Designed to be fully interchangeable with consumables for ESAB PT-36, PT-600 and PT-19XLS torches
- Fully compatible with OEM consumables and cut settings
- Compatible with applications up to 450 amps

Centricut part number	Description
C122-8100	PT-36 quick-change upgrade kit
C96-6100	PT-600 quick-change upgrade kit
C122-8050	Quick-change torch head kit
C122-8000	PT-36 quick-change torch base
C96-6000	PT-600 Quick-change torch base
C122-055	Electrode holder mounting nut, PT-36
C96-042	Electrode holder mounting nut, PT-600
C122-082	Quick-change nozzle retaining cap
C122-948	Quick-change nozzle retaining cap, XR
C122-072	O-ring kit, bullet plug
C122-073	O-ring kit, mounting nut
C122-087	O-ring kit, nozzle retaining cap & torch
C122-081	IHS connector kit

Technical support

Our technical service team can answer questions about your ESAB plasma cutting system. Our experts can assist you with troubleshooting, cutting optimization or general questions on plasma arc cutting.

- We stand behind our products with industry-leading technical expertise.
- Hypertherm trained engineers and technicians on staff with over 50 years of combined cutting experience.
- Free application support on all CNC plasma cutting systems.
