HYPERTHERM®
A Hypertherm Associates Brand

# UKCA DECLARATION OF CONFORMITY

**Model: ArcGlide MC / ArcGlide Lifter**

Date of this DofC: 13-January-2023

The undersigned official of the company hereby declares, on behalf of Hypertherm, that Model: ArcGlide MC / ArcGlide Lifter with UKCA Marking on the data plate meets the essential requirements of the following UK Legislations and Designated Standards:

## Electrical Equipment (Safety) Regulations 2016

Hypertherm maintains a safety test report no. 2009-3a, 2010-06, 2016-30, and 2022-10 to the following European EN standard using Hypertherm safety testing instructions ES2214:

BS EN IEC 60974-1:2018/A1:2019 Arc welding equipment -- Part 1: Welding power sources

## Electromagnetic Compatibility Regulations 2016

Retlif Testing Laboratory generated EMC test report no. R-5215N and a Certificate of EMC Conformance to the following European EN standard for Emission and Immunity:

BS EN 60974-10:2007 – Arc welding equipment – Part 10: Electromagnetic compatibility (EMC) requirements

Hypertherm maintains an EMC standard review no. 2016-33 to the following European EN standard:

BS EN 60974-10:2014/A1:2015 – Arc welding equipment – Part 10: Electromagnetic compatibility (EMC) requirements

## The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (Amendment) Regulations 2022

## The Ecodesign for Energy-Related Products and Energy Information Regulations 2021

Hypertherm maintains ECO Design efficiency test report no. 2020-10 to the following standard:

IEC 60974-1:2021 Arc welding equipment – Part 1: Welding power sources
