UKCA DECLARATION OF CONFORMITY

Light Industrial Plasma Arc Cutting Systems in the table below: Including power source, torch & lead assembly, consumables, and spare parts are in conformity with the relevant Union harmonisation legislation.		
Model	**P/N(s)**	**Unit(s) Tested**
Powermax125	059486, 059487	Pre-Alpha 11
Powermax30 XP	088075	Pre-Alpha 21
Powermax30 Air	088089	Alpha 23
Powermax33 XP	088197	30XP-159812

Date of this DofC: 5-Mar-2026

This declaration has been issued under the sole responsibility of the manufacturer.
The undersigned official of the company hereby declares, on behalf of Hypertherm,
that the above units with UKCA Marking on the data plate meet the essential requirements of the following UK Legislations and Designated Standards:

Electrical Equipment (Safety) Regulations 2016

Hypertherm maintains a safety test report to the following UK standards using Hypertherm safety testing instructions ES2214:
BS EN IEC 60974-1:2018/A1:2019 Arc welding equipment – Part 1: Welding power sources
BS EN IEC 60974-7:2019 Arc welding equipment – Part 7: Torches

Electromagnetic Compatibility Regulations 2016

Retlif Testing Laboratory generated EMC test report #s (in below table), and Certificates of EMC Conformance to the following UK standard:
BS EN IEC 60974-10:2014/A1:2015 – Arc welding equipment – Part 10: EMC requirements

Model	Retlif Test Report Number(s)
Powermax125	R-5695N
Powermax30 Air	R-5862N
Powermax30 XP	R-5726N
Powermax33 XP	R-7041H-1

The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (Amendment) Regulations 2022

The Ecodesign for Energy-Related Products and Energy Information Regulations 2021

Hypertherm maintains ECO Design efficiency test report to the following standard:
IEC 60974-1:2021 Arc welding equipment – Part 1: Welding power sources

Erik A. Brine
Light Industrial Business Team Leader

Note 1: The technical Construction File including the test reports and other information required by these UK Legislations are maintained at the above address. This DofC is not valid on units without UKCA Marking on the data plate. The plasma cutting power sources manufactured by Hypertherm are not within the definition of machinery or within the scope of the Supply of Machinery (Safety) Regulations 2008.
